

TFT-replacement 9"

Finlux MD 512.256-xx

Overview:

- 9" TFT replacement Display
- replacement for Finlux MD 512.256-xx
- connector and signal timing compatible to the control
- adjustments via On-Screen-Menue
- long-term availability
- front adapter black with holes

Description:

9" Displays are used as replacement for 9" Finlux MD 513.256-xx in various machines and controls.

The default timing is compatible to the control, this means after connecting the display the visualisation works correctly. Further adjustments can be made via on-screen-menu. The connector and interface for the graphic-signal and power supply are compatible to the control, so the replacement is easy.
