

TFT-replacement 9"

Sharp LJ51AU27

Overview:

- 9" TFT replacement Display
- replacement for Sharp LJ51AU27
- connector and signal timing compatible to the control
- adjustments via On-Screen-Menue
- long-term availability
- front adapter black with holes

Description:

9" Displays are used as replacement for 9" Sharp LJ51AU27 in various machines and controls.

The default timing is compatible to the control, this means after connecting the display the visualisation works correctly. Further adjustments can be made via on-screen-menu. The connector and interface for the graphic-signal and power supply are compatible to the control, so the replacement is easy.
