

# TFT-replacement 10,4"

## Sharp LJ64ZU49

### Overview:

- 10,4" TFT replacement Display
- replacement for Sharp LJ64ZU49
- connector and signal timing compatible to the control
- adjustments via On-Screen-Menue
- long-term availability
- front adapter black with holes

### Description:

10,4" Displays are used as replacement for 10" Sharp LJ64ZU49 in various machines and controls.

The default timing is compatible to the control, this means after connecting the display the visualisation works correctly. Further adjustments can be made via on-screen-menu. The connector and interface for the graphic-signal and power supply are compatible to the control, so the replacement is easy.
